BROWSER, DEVICE & OS TESTING STANDARDS

In general, we are more concerned with browser support than operating system support, and more concerned about accessibility than pixel-perfection.

BROWSER

- Top two latest of Safari, Chrome and Firefox
- Internet Explorer down to IE9/Edge

OS

- Top two latest of Mac and Windows OS
- MacOS 10.9 and above
- Windows 7 and above
- Android 5 and above
- iOS 10.2 and above

We use BrowserStack to QA our work in different browsers and operating systems.
